| <p>M. Curini-Galletti and L. R. G. Cannon</p> <p>C. J. Hayward</p> | <p>193 The genus <i>Minona</i> (Platyhelminthes, Seriata) in eastern Australia</p> <p>203 Revision of diplectanid monogeneans (Monopisthocotylea, Diplectanidae) in sillaginid fishes, with a description of a new species of <i>Monoplectanum</i></p> |
|--|--|

A. Warén and S. Gofas	215	A new species of Monoplacophora, redescription of the genera <i>Veleropilina</i> and <i>Rokopella</i> , and new information on three species of the class
B. A. Huber	233	On the distinction between <i>Modisimus</i> and <i>Hedyspilus</i> (Araneae, Pholcidae), with notes on behavior and natural history
M. A. Arnedo, P. Oromí and C. Ribera	241	Radiation of the genus <i>Dysdera</i> (Araneae, Haplogynae, Dysderidae) in the Canary Islands: The western islands
Point of View D. Eibye-Jacobsen and C. Nielsen	275	The rearticulation of annelids
Announcement	I	

Volume 25 Number 4

P.-A. Landry and F.-J. Lapointe	283	RAPD problems in phylogenetics
J. Olesen, J. W. Martin and E. W. Roessler	291	External morphology of the male of <i>Cyclestheria hislopi</i> (Baird, 1859) (Crustacea, Branchiopoda, Spinicaudata), with a comparison of male claspers among the Conchostraca and Cladocera and its bearing on phylogeny of the 'bivalved' Branchiopoda
S. Conroy-Dalton and R. Huys	317	Towards a revision of <i>Ameira</i> Boeck, 1865 (Harpacticoida, Ameiridae): re-examination of the <i>A. tenella</i> -group and the establishment of <i>Filexilix</i> gen. n. and <i>Glabrameira</i> gen. n.
B. A. Huber	341	On American ' <i>Micromerys</i> ' and <i>Metagonia</i> (Araneae, Pholcidae), with notes on natural history and genital mechanics
P. Nayrolles	365	Taxonomy of <i>Fasciominthurus</i> (Collembola, Symphypleona, Bourletiellidae), with descriptions of two new European species
Book review	377
